HINTS

Demonstration Mode runs automatically.

Press **N** to change the number of courses in the Championships. You must complete each course within the time limit in order to qualify for the next one.

Press **S** to start the race.

You are then told: **Riders Ready – Pedals Ready – Go!**

Press Accelerate the instant you are told to go – timing is vital, don't lose precious tenths of a second.

Race as though you are in a real BMX Championship. The burms help you turn, the rough ground slows you down. All the hills and different grade surfaces affect the rider as in real life.

Number of laps raced and time elapsed are shown at the bottom of the screen for both riders.

The 'time limit' is shown in the centre of the screen on the bottom line.
