*These can only be used when the power gauge flashes red
(when the power gauge dips below 1/2 power)
*All commands are for when characters are facing right.

Character Change

Push D Button (in Tag Area)

In your Tag Area, change characters with a tap of the D Button! As many times as you want! When your power dips to 1/2 or below, and your opponent's is 1/2 or more, move joystick $\leftarrow \downarrow \rightarrow$ and push the D Button for the Emergency Tag (Attack Touch Off)

"Getaway Sway" & "Turnaround Attack"

Push the A & B Buttons together and avoid your opponent's attacks with the "Getaway Sway!" Move joystick $\rightarrow$ and push the A & B Buttons for the "Turnaround Attack" to turn your opponent's lights out from behind!

Surprise Attack

Move joystick $\leftarrow \downarrow \rightarrow \uparrow$ A Button

In your own Tag Area with your power at 1/2 or below, enter this command! For the first time ever in tag battles, watch this two-character combined attack explode before your eyes!
