MAGICAL DROP III

HOW TO PLAY

Use the Clown to absorb and throw out drops of the same color.
The drops will shatter if three or more are lined up vertically.
The game is over when descending drops fill the screen and crush the Clown.

HOW TO OPERATE

Move
the
Clown

Absorb Drops
on Top

Throw Out
Absorbed Drops

Lower Drops
One Level

The Clown can hold any number of drops as long as they are the same color.

Fire Drop

Survival Mode

Play against yourself and try for a high score. There are attack drops for each of the ten levels. These attack drops can shatter any of the drops on the screen. Use them the same way as Rainbow Drops.

- Easy** For beginners. Drops will constantly descend from a field of 9 horizontal rows. Drops will continually descend from a field of 11 horizontal rows.
- Normal** For advanced players. Drops will rain down from a field of 13 horizontal rows. Here you encounter reaction drops!
- Hard**

Challenge Mode

Play against the CPU character! Or challenge the CPU together with another player! You win if your opponent's drop touches the ground or if you are the first to shatter the set number of drops.

- Easy** For beginners. Offers useful tips.
- Normal** Choose one opponent from 16 characters to play against.

Magical Journey Mode

The winner is the player who has advanced the most spaces with the captured Fire Drops within the time limit! Capture Fire Drops by shooting or absorbing them! Capture Fire Drops quickly before they change into Ice Drops.
