

NNNNNNN

A NES clone of the Gravitron from Terry Cavanagh's excellent game, VVVVVV

For 1-4 players. Press start on any controller at any time to leave or exit the game.

Dodge obstacles by pressing left and right, and try for the best survival time.

- Programming by Nathan Tolbert
- Music by Chip Jockey
- Original game concept by Terry Cavanagh
- Music engine (ggsound) by Gradual Games
