THE STORY

ong ago in a faraway land the Kingdom of Bizyland prospered. The people spent their days working away while goofy King Cacoma played golf.

To the north was Lazyland, the realm of evil Queen Wagamama. Queen Wagamama was jealous of King Cacoma and his wealthy kingdom. She dreamed of ruling Bizyland.

Queen Wagamama's most trusted advisor was a wicked magic mirror.

One day they devised a plan to take over Cacoma's Kingdom. The magic mirror would cast a spell on Bizyland that would put all the hardworking people in a deep trance and transform the beautiful land into a dreary gray wasteland. In return the Queen would give the mirror Ophelia, the Princess of Bizyland.

"And what will stop Cacoma from sending his knights to save his precious daughter?"

"My queen, his knights will be under my spell. But just to be safe I'll split her image into little pieces and scatter them among the mirror world. To rescue her someone would have to recover all of

her images by the next full moon. As you know, anyone staying in the mirror world for more than thirty days is trapped there forever."

"Very well, you may have your little toy. But what of the fairies? Those little bugs have always sided with Cacoma."

"You need not worry my queen, those pesky insects will be trapped in the ruins of Bizyland with the rest of Cacoma's worthless subjects."

THE STORY CONT.

"Enough! Cast your spell mirror!"

Just as the mirror had predicted Bizyland became a colorless wasteland and all of her hardworking subjects fell into a deep sleep. King Cacoma searched his once vast land for a champion to save his daughter and kingdom. He could only find three slacker subjects that were unaffected

by the spell; a lazy young boy-Jack, a chronic day dreamer- Jean, and RB93, a battered old robot.

"Use this magic chalk to save Ophelia and the Kingdom. Anything that you circle with the chalk will be freed from Wagamama's curse and return to it's previous state. Now go forth!"

"For king and country!", shouted Jack.

"For love and beauty!", proclaimed Jean.

"Cool!", quipped RB93.

As the trio left on their quest, the King slumped down and put his head in his hands.

"I'm doomed. They couldn't even play hop-scotch with that chalk. Wagamama will have them for lunch. My poor Ophelia is doomed."

Ophelia's image is scattered! It's up to you to put her back together.
