THE STORY

It's Christmas time and somehow Kevin McCallister has been separated from his folks again. Only this time the action takes place in New York City. Everything from Central Park muggers to sewer rats come after the youngster as he makes his way through the gigantic city to find his family.

Harry and Marv are hot on his trail and this time they have enlisted the aid of some creeps from their old gang. To make matters worse the entire staff of the Plaza Hotel is after him too. Can a kid make it through New York? Grab the controls and find out in this thrilling adventure for the whole family!

CONTROLLING KEVIN

General movements:

Running - **Right** or **Left** on the Control pad.

Sliding - Press **Down** on the Control pad while running.

Duck - Press **Down** on the Control pad while standing still.

Enter a Door - Press **Up** while standing in front of a door.

Jumping - Press the **A Button**.

Fire Weapon - Press the **B Button**.

Summon Elevator - Press the **X Button** while standing in front of the elevator call button.

Calling for Help - Once you have reached the top of the inside of the Christmas tree press the **Y Button** to get the Pigeon Lady to drop her bag of bird seed on Harry and Marv.

Select Weapon - Press the **Select Button** to scroll through the available inventory list. Also, **Top Right Button** will scroll up through the list and **Top Left Button** will scroll down through the list. (A weapon will not appear in the list until you have picked one up). After you have used all the ammunition for a weapon (shown by the number next to it) it will disappear until you pick up the weapon again. When you collect a weapon, it will flash in the status bar a short time, then the weapon you were holding will reappear. If you press **Select** while the new weapon is flashing, Kevin will switch to it.

CONTROLLING KEVIN CONT.

Weapons and tactics:

- Slide** - Eliminates many enemies that are on the ground.
- Dart** - Temporarily "stuns" human enemies. (Will not work on some bosses.)
- Flying Fist** - Knocks one enemy off the screen. (Some require two shots!)
- Super Flying Fist** - Knocks off enemies across two and one-half screens. (Be careful some enemies are too low to the ground to be hit!)
- Necklace** - Causes most walking enemies to slip right off the screen.
- Hints:**
- Look around for Dart Packs, these will increase the ammunition for your Dart.
 - Fists are usually helpful to defeat the bosses.

The following items are collected throughout the game:

Pizza Slice - Collect 6 of these to gain an extra life.

Whole Pie - Gives you an extra life.

Cookies - Collect 5 cookies to recover one lost power unit..

Pigeon - Gives Kevin a spin-jump that knocks away enemies.

Credit Card - Makes Kevin invincible for a short time.

After Shave - Gives Kevin extra speed, a longer jump and makes him invulnerable for a short time.

You'll see the items Kevin collects as well as his number of power units, lives left, and score on the top of the screen in the status bar. Pressing the Select, Top Left, or Top Right buttons will scroll through the weapons available.

THE HOTEL

Kevin starts out in the lobby of the posh **Plaza Hotel** off Central Park. Many items that he needs to survive this level are hidden behind the furniture and in the background. To uncover hidden items, jump around everywhere.

Hints for the Hotel:

- Dodge the suitcases as you ring for the elevator. Take the elevator to the upper floors.
- Go into lobby shops and hallway doors upstairs to discover more items. Avoid all hotel staff members (yes, that includes the maids).
- Take the freight elevator from the 16th floor to the kitchen. Be sure not to mess with the kitchen staff as well.
- This is where you have your final confrontations with the house detective and the master chef.

Make your way through dangerous, night shrouded, Central Park. Punks, thugs, rats and worse are all waiting for you.

Clues for Central Park:

- Find a way to climb the Central Park wall without becoming bat food.
- Find the underground cave protected by the Pigeon lady's birds to find the next level. (Be sure to make friends with her before leaving.)

THE UNCLE'S TOWNHOUSE

Kevin's uncle has a townhouse that is in the middle of renovation and Kevin has set up booby traps there to try to trap the Wet Bandits and turn them over to the police; but, his plan has backfired. The rooms are locked and Harry and Marv (through dumb luck) have most of the keys. Kevin must find the first key and then go to each room successively and set off the trap there to get the keys back so he can get to the roof to escape.

Town House Tips:

- There are 3 floors and a basement to the town house with multiple rooms in each floor.
- Look out for holes in the floor and falling plaster as you make your way through the hallways.
- Keep out of arms reach from Harry and Marv!
- The key tag matches the lock symbol on the door.

LAST, BUT NOT LEAST

The great chase begins on the roof of the uncle's townhouse, then continues in the streets of New York, and ends at the Christmas tree at Rockefeller Center. Try to make it to the top of the tree to get rid of those crooks once and for all!

- Inside Tip:**
- At the top of the tree Kevin must jump on the full star to call out the Pigeon Lady to help defeat Harry and Marv.
 - Once you complete this level, Kevin is reunited with his family for a holiday they'll never forget!
