GAME INSTRUCTIONS

Tim will have his hands full trying to get back the stolen prototypes of the Taylor-Turbo power tools, but he'll have plenty of other tools to do the job with! There are 8 tools that Tim can use during the course of the game: he'll be using a jackhammer, grappling hook, and a sledgehammer.

There will be a lot of action going on all the way through at the studio. You'll see bats flitting about, the "Monster" set, and the Vampire master guarding one of the Taylor-Turbo tools at the end of the level!

The other half of the time, he'll need the nail machine gun. The nail machine gun (Tim calls it "the AK-47 of tools") is one of the the best weapons that he can use on his quest. It has the ability to put into an attacking enemy a huge, hungry Venus Flytrap.
